XMAX 125 Tech MAX

It's easy to stay in touch via the connected TFT dash with free Garmin navigation* via smartphone – and you can feel the effective wind protection provided by the electrically adjustable windscreen. Relax in the knowledge that the traction control and ABS provide added riding confidence. And every time you arrive at your destination you'll know that XMAX 125 Tech MAX is the best choice. (*The navigation app will not be available in some countries. Information on speed limits, traffic, etc., is not provided in some countries and regions. Speed limit data may also not be updated in a timely manner and speed limits may change depending on the time of day, such as in school zones or around construction sites.)

Experience the MAX.

If you're looking for one of the most stylish and efficient ways to get into the city and you've got a B-license*, the XMAX 125 Tech MAX is just waiting to be discovered at your local Yamaha dealer. Equipped with the latest user-friendly tech and driven by a responsive EURO5+ engine, this premium model is Yamaha's ultimate Sport Scooter. (*Limitations and restrictions may apply per country under applicable laws. Additionally, Yamaha recommends all riders to take a motorcycle training course before riding.)

Its exclusive specification includes an electronically adjustable screen for ultimate wind protection. The restyled dashboard gives full connectivity, enabling you to access free Garmin navigation via smartphone as well as calls, messages, music and more – and dedicated Tech MAX colours with exclusive bodywork features reinforce the high-end image.

Dynamic sports bodywork with full LED lighting ensures that the XMAX 125 Tech MAX stands out in the crowd. Its good looks are backed up functional features including spacious under seat storage for two helmets* – as well as a fuel saving Start and Stop system, Smart Key keyless ignition and a USB Type C socket. (*Depending on their size and shape.)

Electrically adjustable screen

MAX models are renowned for their extremely comfortable ride quality, and the XMAX 125 Tech MAX is equipped with an electronically adjustable screen that gives effective wind protection. With 95mm of range, this new screen can be raised and lowered at the push of a switch on the left handlebar to suit different riding styles and physiques. The integrated flashers are also redesigned to give improved wind protection for the rider's arms, and the fairing and spoiler are restyled to help eliminate wind buffeting.

Premium Tech MAX finishing

All over this premium Sport Scooter you can see a wide range of special features and details that are exclusive to the Tech MAX line. The spacious footboard area is equipped with aluminium footplates, and the mirrors and grip ends highlight this scooter's excellent build quality. There's also a special lid on the front storage compartment, and Tech MAX emblems complete this class-leading package.

Dedicated Tech MAX colouring

As well as its higher specification and array of special equipment and refined style, the XMAX 125 Tech MAX is also offered in dedicated colours that reinforce its position as the premium Sport Scooter in the class. Whether you select Ceramic Grey or Dark Magma, you can be sure that your new Tech MAX is going to generate that feel good factor and exceptional pride of ownership every time you ride.

4.2-inch full colour TFT instruments

Day or night, commuting into the city or enjoying a weekend ride, the stylish Tech MAX dash gives you clear information. Featuring a revised layout with the 4.2-inch full colour TFT display on the right side and the 2.8-inch LCD readout on the left, the latest instrumentation gives you a wide range of machine running data and information on the various connectivity functions.

Smartphone connectivity

When you're riding the XMAX 125 Tech MAX it's easy to stay connected with friends, family and work colleagues via the free MyRide app. Your smartphone and the machine establish a Bluetooth connection to receive calls and messages – as well as listen to music and access a wide range of information and more through the 4.2-inch colour TFT display.

Onboard navigation system via smartphone

The easy to read 4.2-inch full colour TFT infotainment screen supports free Garmin navigation* via smartphone. Simply set your destination and the intuitive system enables access to real time traffic information, distance left, estimated time of arrival and more – making every journey easier and more enjoyable. (*The navigation app will not be available in some countries. Information on speed limits, traffic, etc., is not provided in some countries and regions. Speed limit data may also not be updated in a timely manner and speed limits may change depending on the time of day, such as in school zones or around construction sites.)
